2023-2024 Common Data Set Template

The Common Data Set (CDS) initiative is a collaborative effort among data providers in the higher education community and publishers as represented by the College Board, Peterson's, and U.S. News & World Report. The combined goal of this collaboration is to improve the quality and accuracy of information provided to all involved in a student's transition into higher education, as well as to reduce the reporting burden on data providers.

Notes on template usage:

1. Tab and enter may work differently based on the operating system and Excel version of the user. Please use caution to not skip any data entry fields.

2. Several questions use dropdown lists. **Please click into the cell for the dropdown area to show** on the right hand side of the cell.

3. This file is unlocked and may be adjusted as needed. The mutli-select questions and dropdown questions use validations in separate tabs listed below.

4. Please contact the College Board with any questions about this template:

B. ENROLLMENT AND PERSISTENCE

B1. Institutional Enrollment

Provide numbers of students for each of the following categories as of the institution's official fall reporting date or as of **October 15, 2023**.

1. Report students formaly designated as "first professional" in the graduate counts.

2. If your institution collects and reports non-binary gender data, please use the "Another Gender" category.
   In cases where gender information is not provided, please distribute across the two binary categories.

For more information on how to report study abroad students, please see NCES.GOV documentation.

B2. Enrollment by Racial/Ethnic Category

Provide numbers of undergraduate students for each of the following categories as of the institution's official fall reporting date or as of **October 15, 2023**.

1. Include international students only in the category "Nonresidents."

2. Complete the "Total Undergraduates" column only if you cannot provide data for the first two columns.

3. Report as your institution reports to IPEDS: persons who are Hispanic should be reported only on the Hispanic line, not under any race, and persons who are non-Hispanic multi-racial should be reported only under "Two or more races."

4. New guidance from IPEDS for reporting aggregate data: *"Racial/ethnic designations are requested only for United States citizens, residents, and other eligible non-citizens. Eligible non-citizens include all students who completed high school or a GED equivalency within the United States (including DACA and undocumented students) and who were not on an F-1 non-immigrant student visa at the time of high school graduation."*

5. More information about other eligible (for financial aid purposes) non-citizens is available at https://studentaid.gov/understandaid/eligibility/requirements/non-us-citizens.

6. Nonresident – A person who is not a citizen or national of the United States and who is in this country on a student visa or temporary basis and does not have the right to remain indefinitely. Do not include DACA, undocumented, or other eligible noncitizens in this category. Nonresidents are to be reported separately, in the boxes provided, rather than included in any of the seven racial/ethnic categories or in race/ethnicity unknown.

B22. Retention Rates

Report for the cohort of all full-time, first-time bachelor's (or equivalent) degree-seeking undergraduate students who entered in Fall 2022 (or the preceding summer term).

The initial cohort may be adjusted for students who departed for the following reasons:

*Death
*Permanent Disability
*Service in the armed forces
*Foreign aid service of the federal government
*Official church missions
*No other adjustments to the initial cohort should be made.

For the cohort of all full-time bachelor's (or equivalent) degree-seeking undergraduate students who entered your institution as first-year students in Fall 2022 (or the preceding summer term), what percentage was enrolled at your institution as of the date your institution calculates its official enrollment in Fall 2023.

Total students retained = students from the Fall 2022 cohort who are still enrolled as of Fall 2023 + students from Fall 2022 cohort who completed their bachelor's program as of Fall 2023

(Students from the Fall 2022 cohort still enrolled as of Fall 2023 + Students from Fall 2022 cohort who completed their bachelor's program as of Fall 2023)/(Adjusted Fall 2022 cohort) *100

Note: The number of first-time students seeking a bachelor's degree (or equivalent) who attain a bachelor's degree (or equivalent) by their second fall term is expected to be zero or very small. In exceptional cases when a first-time student does satisfy all degree requirements including full credit completion (e.g., typically 120 credit hours) and is awarded a bachelor's degree (or equivalent) by their second fall term, they are to be considered "retained" for EF reporting purposes.

C1. Applications: First-time, First-year Students

Provide the number of degree-seeking, first-time, first-year students who applied, were admitted, and enrolled (full- or part-t
2023.

- Include early decision, early action, and students who began studies during summer in this cohort.

- Applicants should include only those students who fulfilled the requirements for consideration for admission (i.e., who comp
actionable applications) and who have been notified of one of the following actions: admission, non-admission, placement on
application withdrawn (by applicant or institution).

- Admitted applicants should include wait-listed students who were subsequently offered admission.

- Since the total may include students who did not provide gender data, the detail need not sum to the total.

- If your institution collects and reports non-binary gender data, please use the "Another Gender" category.

- Note that recent high school graduates and other students without prior postsecondary experience will still be considered "f
students" for fall enrollment reporting purposes even if they enrolled in the summer prior to fall enrollment.

J. Total number in stand-alone graduate/professional programs in which faculty teach virtually only graduate-level students	0	0	0

NOTE: Rows F, G, H and I should equal row A.

I2. Student to Faculty Ratio

Report the Fall 2023 ratio of full-time equivalent students (full-time plus 1/3 part time) to full-time equivalent instructional faculty (full-time plus 1/3 part time). In the ratio calculations, exclude both faculty and students in stand-alone graduate or professional programs (such as medicine, law, veterinary, dentistry, social work, business, or public health in which faculty teach virtually only graduate level stu

Do not count undergraduate or graduate student teaching assistants as faculty.

Fall 2023 Student to Faculty Ratio:	17	to	1
Ratio is based on number of students:	7042		
Ratio is based on number of faculty:	410		

I3. Undergraduate Class Size

In the table below, please report information about the size of classes and class sections offered in the Fall 2023 term.

Class Sections: A class section is an organized course offered for credit, identified by discipline and number, meeting at a stated times in a classroom or similar setting, and not a subsection such as a laboratory or discussion session. Undergraduate class secti defined as any sections in which at least one degree-seeking undergraduate student is enrolled for credit. Exclude distance learn and noncredit classes and individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings students in independent study, co-operative programs, internships, foreign language taped tutor sessions, practicums, and all st one-on-one classes. Each class section should be counted only once and should not be duplicated because of course catalog cros

Class Subsections: A class subsection includes any subsection of a course, such as laboratory, recitation, and discussion subsecti supplementary in nature and are scheduled to meet separately from the lecture portion of the course. Undergraduate subsectio defined as any subsections of courses in which degree-seeking undergraduate students enrolled for credit. As above, exclude no classes and individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings. Each class su should be counted only once and should not be duplicated because of cross-listings.

Using the above definitions, please report for each of the following class-size intervals the number of class sections and class sub offered in Fall 2023. For example, a lecture class with 800 students who met at another time in 40 separate labs with 20 student counted once in the "100+" column in the class section column and 40 times under the "20-29" column of the class subsections t

J. DISCIPLINARY AREAS of DEGREES CONFERRED

Degrees conferred between July 1, 2022 and June 30, 2023.

For each of the following discipline areas, provide the percentage of diplomas/certificates, associate, and bachelor's degrees awarded. To determine the percentage, use majors, not headcount (e.g., students with one degree but a double major will be represented twice). Calculate the percentage from your institution's IPEDS Completions by using the sum of 1st and 2nd majors for each CIP code as the numerator and the sum of the Grand Total by 1st Majors and the Grand Total by 2nd major as the denominator. If you prefer, you can compute the percentages using 1st majors only.
